

Guide of Division for Leading Graduate School Program of Tohoku University

Turn to the right at the **Aobayama Station South 1 Exit**, and go straight this sidewalk until you see the first traffic lights.

Turn right at this corner, go along this sidewalk approximately 4 minutes to the east. You'll see a tall chimney on your right ahead. The **thirteen-story building** is just before the tall chimney. The photograph of **Engineering Laboratory Complex Building** is a view from southeast.

Go down at the forward right slope, and go in the first floor lobby of this building.

Engineering Laboratory Complex Building
